Start-up Letter/Explanation of Charges

New Patient: Bioidentical Hormone Replacement

Once I have your evaluation and signed informed consent back I can begin working on your prescription plan for your physician.

Once the prescription plan is approved by your physician I will contact you and schedule your consultation. I generally schedule consultations on Tuesdays and Thursdays, but weekend times and evenings are available if needed. The consultation takes approximately 1.5 hours and I will go over your evaluation, the prescription plan and prescriptions, plus other things that will make this a successful program for you.

There is a onetime fee for the prescription plan and consultation of \$250.00. This is to be paid at the time of the consultation by check. The check is made out to RPh Consulting. There is no charge for any follow-up necessary, prescription changes, or future calls if issues arise. I can provide you with a claim form to submit to your insurance for the consultation. Depending on your insurance, they may reimburse all or part of the consultation charge.

Your doctor will require that you are seen yearly and hormone labs will need to be done at least yearly. You will also need to make sure you are current with your GYN visits/breast exams/mammograms as recommended by your physician.

At the time we meet for your consultation I will also have your prescriptions ready for you to pick up. I will go over the directions and answer any questions you may have. You can pay for the prescriptions any way you choose, other than we do not accept American Express. Approximate cost for prescriptions is 50-60 dollars per month. We do not accept insurance or file insurance paperwork for patients. If you have prescription coverage I will provide claim forms to you at your request.

I am attaching an informed consent for you to sign and either fax back to me at 727-347-2050, or mail to the address above. If you choose to mail it make sure that you put it to my attention. I cannot start compounding your prescriptions until I have the signed informed consent back.

Call me or email me if you have any questions.
